Gigginstown House Angus

The Gigginstown House Angus Herd was established in 1997. Our policy is to invest in the very best genetics. We started with Canadian show champions from Edmonton and Regina. To these we have added the very best genetics in Ireland and Britain. The Gigginstown herd continues to enjoy success at Regional and National Shows.

We have sourced the top heifers in Canada, Ireland and Scotland for their conformation, function and maternal traits. These include daughters of Angus legends such as Kruggerand, Stockman 365, TC Stockman, Extra Gold, Green's Premium and Black Magic. We have supplemented these females with champion Irish and UK Heifers. Our policy of breeding quality drives our purchase of the best available head sires. Our first Champion bulls were imported direct from Canada 30 years ago, and Perth champions were brought from Scotland. In 2022 we were fortunate to buy 20 elite females in the dispersal of the UK's renowned Shadwell AA Herd. In 2026 the Gigginstown herd comprises over 650 animals, who are already producing the next generation of champions.

Because we rigorously focus on quality, we believe that Gigginstown House Angus will continue to provide Irish, UK and European Angus breeders with the opportunity to introduce new bloodlines and add real quality at tremendous value to both your pedigree and commercial herds.

Our bulls are well grown (aged between 18 months to 24 months), easy calving and provide a source of out-cross genetics to improve all breeding programmes both pedigree and commercial. Lots 26 - 40 are running with stock bulls and service dates will be announced at the sale. Lots 41 - 45 are maiden heifers. Our bulls are available for inspection on the day of the auction. We would be happy to show you the herd by appointment prior to, or after the sale and give you any help we can with your selection.

The Gigginstown Herd, including all sale animals have tested negative for BVD, and are vaccinated against Blue Tongue, Black leg, BVD and Lepto. The dams of all sale animals have tested free of Johne's disease. All animals are sold with a breeding guarantee and all bulls have been fertility tested prior to sale.

Our herd is managed by Joe O'Mahony and his team. We warmly welcome you to the Gigginstown Angus sale and thank you for your support. Should you need a quality Angus animal at any time during the year please call us at any time. We hope you'll enjoy your day and will find a suitable animal or two for your breeding program.

Joe O'Mahony
Farm Manager

O'Leary spends €170,000 at Shadwell Angus dispersal

The famous Shadwell Aberdeen Angus herd was dispersed at the weekend.

SHADWELL

Following the untimely passing of Sheikh Hamdan Al Maktoum in 2021, the legendary Shadwell Aberdeen Angus Herd was dispersed at Skipton Mart in May 2022.

The Shadwell dispersal offered Angus breeders the opportunity to buy foundation females from one of England's most renowned and successful AA herds. Shadwell has bred numerous AA National Champions, as well as many Interbreed Champions across the UK's major shows over the last 25 years.

At Gigginstown, we are always investing in top quality genetics, which can improve the depth and quality of our Aberdeen Angus Herd, and the Shadwell dispersal was a once in a generation opportunity to acquire stock from one of the UK's leading producers over the past 25 years.

Joe O'Mahony successfully purchased 21 of the 94 cattle on sale, including Shadwell's young Stock Bull (and Perth champion), Stouphill Master Prince W346 (born 2020), as well as 3 champion in-calf heifers Shadwell Black Bird (cost £11,506), Shadwell Evora (£15,750) and Shadwell Lady Heather (£12,600). These 21 pedigrees were purchased for €170,000, an avg. of over €8,400 each, which underlines both their quality, and the tremendous demand for these Shadwell Champions.

Gigginstown Angus are pleased to have brought 21 of these Shadwell Champions to Ireland, and we look forward to offering their progeny to Irish breeders in the coming years. We believe they will deliver substantial outcross benefits for the Gigginstown Herd and for fellow Irish AA breeders.
